**Subject: Situation in Fca Srbjia plant, Kragujevac**

Dear Mister Alfredo Altavilla,

I'm writing you as regards the hard dispute where Serbian colleagues are involved in Fca Srbjia plant, Kragujevac, to whom we send our solidarity. We are worried, from what we learn, about the reasons that have lead to the strike and the protracted mobilisation initiatives. Thus, we ask you to start as soon as possible a negotiation that can meet the licit aims of workforce. The high level of attendance and the duration of strike attests the spreading and the intensity of dissatisfaction, that we trust you'll be willing to listen. We trust in your social responsibility and in your availability to a constructive and fruitful dialogue.

Best regards

Il segretario generale Uilm  
Rocco Palombella -
