Milorad Panovic, President

Dear Colleagues:

I am writing to express the support of Turkish Metal Workers' Union (Türk Metal) representing almost 200 thousands workers in Turkey for the strike of two thousands Serbian FIAT workers over excessive workload and low wages. As Türk Metal we are committed to fight against precarious work and for advancing workers' rights. Thus we stand in full solidarity with your members going on a strike for decent wages and better working conditions.

In Solidarity,

Pevrul KAVLAK

Secretary General, Confederation of Turkish Trade Unions (TÜRK-İŞ)
